**Pacific Power Grant Received:** Last fall I informed council that I had applied for a Pacific Power Community Grant for the replacement of the main street Christmas Trees decoration. On March 13, 2018, I was notified by Pacific Power that we received a grant for \$3500.00. Staff is very excited to have received this grant and appreciates the amount that was given towards the new holiday decorations. I am continuing to work with Pacific Power on upgrades to the electrical connections on our poles. I have also received a commitment from a local business to assist the city in making up the difference between the amount of the grant and the amount needed to complete the project, which is \$3000.00. You can expect to see new holiday decorations come December 2018!
